

# Quality Leader

## Michel Doppert

*Has demonstrated in-depth knowledge and proficiency in the GE Black Belt DMAIC Six Sigma methodology and has successfully applied the appropriate tools and techniques to business projects.*

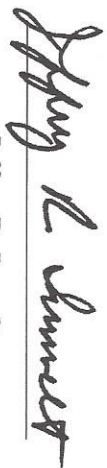

*Michel has effectively managed Six Sigma deployment within the functional organization and has ensured that Six Sigma projects have delivered bottom-line business results.*

*In recognition of this important contribution to making Six Sigma "The Way We Work," Michel is awarded GE Company Certification as a GE Quality Leader in Six Sigma.*
