

Master Black Belt

Michel Doppert

Has demonstrated in-depth knowledge and proficiency in the GE Black Belt DMAIC Six Sigma methodology and has successfully applied the appropriate tools and techniques to multiple business projects.

In addition, Michel has mastered Six Sigma proficiency to the level required to lead and coach others in the application of Six Sigma in their work environment.

In recognition of this important contribution to making Six Sigma "The Way We Work," Michel is awarded GE Company Certification as a Master Black Belt in Six Sigma.
